Reducing Cross-Cultural Misunderstanding in Language Learning Download this study 4.6 MB Version 2.0 Improved by specific review of the many thousands of comments on the initial publication. Is there an optimum reading speed when teaching a foreign language? In the UK, the choice is between the slow, sustained rate of about two words a minute or the fast, deluded rate of about 250 words a minute. Where fluency is the main criterion, both rates are inadequate. In the former case, the 82157476af
